### We are honored to have Her Majesty Queen Silvia grace the upcoming AD/PD<sup>™</sup> 2023 International Conference on Alzheimer's and Parkinson's Diseases and related neurological disorders with her presence.

This premier gathering of experts from around the world will take place in the vibrant city of Gothenburg, Sweden from

#### March 28th to April 1st, 2023.

As a passionate advocate for humanitarian causes, Her Majesty The Queen has been a steadfast supporter of research and initiatives aimed at improving the lives of those affected by neurological disorders. Her presence at the AD/PD<sup>™</sup> 2023 Conference will serve to highlight the importance of this field and the major progress being made in developing effective treatments.

We cordially extend an invitation to you to join us in welcoming Her Majesty the Queen and to participate in the information and educational sessions, workshops, and networking opportunities available at the conference. Don't miss this exceptional chance to connect with top experts and be a part of this landmark event in Gothenburg!

# Highlights from AD/PD<sup>™</sup> 2023 Conference

#### 1. <u>Cutting-Edge Science</u>

## **Cutting-Edge Science**

The AD/PD<sup>™</sup> Conference offers a high quality scientific program covering the most recent research, clinical trials, developments, and treatments in Alzheimer's and Parkinson's, with emphasis on overlaps and congruent results among AD. This provides participants with unparalleled and powerful insights into distinct neurodegenerative diseases in one setting to examine their similarities and differences.

SCIENTIFIC PROGRAM

#### 2. Top Speakers in the Field

### Top Speakers in the Field

Science and education are the main forces behind AD/PD<sup>™</sup> conferences and participants agree that the quality of the content and the educational value are what set it apart from other events in the field. In the CME Participant Evaluation Form 96% state that the event contributed to their professional development, while almost 97% agree that the quality of the speakers was excellent.

SPEAKER LECTURE TITLES

3. <u>AD/PD<sup>™</sup> in Numbers</u>

## AD/PD<sup>™</sup> in Numbers

A unique conference that provides a world class platform for clinical investigators and basic scientists to present, discuss and trade expertise on a broad range of themes and topics, AD/PD<sup>™</sup> has gone from strength to strength attracting over 3,800 participants from 75 countries and over 2,200 abstracts in 2019.
