RULES FOR SUBMISSION OF ABSTRACTS

Abstracts must be submitted via this website. Faxed or emailed abstracts will not be considered.

Please read the submission rules before submitting an abstract.

1. **Please note each participant may present a maximum of 5 posters and/or 1 Oral presentation. There is no limit to the amount of abstracts one person may submit. The system will count the amount of presentations from all submissions and notify you if the person you would like to assign as presenter has reached the maximum 5 presentations. Submitters and co-authors can be listed on as many abstracts as needed.**
2. The presenting author is required to ensure that all co-authors are aware of the content of the abstract before submission.
3. The presenting author must be listed as the first author.
4. Submitted abstracts should include non-published data.
5. Abstracts previously presented will not be accepted.
6. All abstracts should be submitted and presented in clear English with accurate grammar and spelling of a quality suitable for publication. If you need help, please arrange for the review of your abstract by a colleague who is a native English speaker, by a university specific publications office (or other similar facility) or by a copy editor, prior to submission.
7. Please submit symbols as words.

8. All abstracts accepted for presentation will be published on the Conference website prior to the Conference.

9. You may submit more than 1 abstract. However, presenters that are accepted for oral presentation will be permitted to give only 1 oral presentation. Additional accepted abstracts will therefore be poster only.

10. **Please note the submitting author will receive all correspondence about the abstract so we advise that the submitting author details that are entered are the same details as those of the presenting author.**

11. Eligible candidates for **Junior Faculty Awards** are graduate students (PhD, MD) or junior scientists up to five years after the doctorate degree (PhD, MD). Please note this is not applicable for Late Breaking as winners have already been announced.

12. Please ensure that if you are submitting an abstract to be considered for the **Junior Faculty Award** that you upload all relevant supporting documents when you submit the abstract. Please note this is not applicable for Late Breaking as winners have already been announced.

13. Abstracts may not be edited/updated after final submission. You are welcome to bring an updated abstract onsite with you.

14. **Your abstract is not successfully submitted until you receive a confirmation e-mail after clicking the final submit button. If you do not receive a confirmation e-mail, please contact us.**
