

# **CME-CPD Accreditation**

## **Accreditation Statement and Credit Designation**

### **European Accreditation Council for Continuing Medical Education (UEMS/EACCME)**

The AD/PD™ 2023 International Conference on Alzheimer's and Parkinson's Diseases is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS): [www.uems.net](http://www.uems.net)

The AD/PD™ 2023 International Conference on Alzheimer's and Parkinson's Diseases is designated for a maximum of, or up to, 35 European external CME credits. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

### **American Medical Association (AMA)**

Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of *AMA PRA Category 1 Credits™*. Information on the process to convert EACCME credit to AMA credit can be found at <https://www.ama-assn.org/education/ama-pra-credit-system/agreement-european-union-medical-specialties-uems>

### **Royal College of Physicians and Surgeons of Canada**

Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined

by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada. For more information, visit:

## Educational Objectives

After participating in this educational event, learners should be able to:

- Address individual needs in compliance with their Continuous Professional Development (CPD) plan
- Enhance dialogue with clinical investigators and basic scientists, as well as established investigators and young upcoming talents
- Assess the impact of COVID-19 on neurodegenerative diseases
- Evaluate the most recent research in treatment development and emerging therapeutic targets in

Alzheimer's disease

- Describe current developments in the treatment of Parkinson's disease and related neurological disorders
- Evaluate the novel approaches to disease-modifying therapies for Parkinson's disease
- Discuss common features of neurodegenerative diseases
- Evaluate the most recent advances in drug development and clinical trials in Huntington's and other neurodegenerative diseases

## Target Audience

The International Conference on Alzheimer's and Parkinson's Diseases is the global meeting place for international medical and scientific professionals worldwide engaged in neurodegeneration, from basic scientists to clinical investigators, and from established leaders to young upcoming talents. Because of the diverse, clinically focused educational offering, participants are able to tailor the curriculum to meet the needs of international clinicians of all levels of experience.
